Complexity: Beginner

Estimated Game Time: 1 to 3 hours

Rule Book: 16 pages

Supplements: none

Board Size: 36" x 28"

Number Counters: 44 1-1/3 inch and 128 2/3 inch

Description

Austerlitz 1805 covers Napoleon's greatest battle, one that would set a pattern of warfare for an age.

Unlike most games, the map board has areas instead of hexagons or squares. Each area conforms to geographic features that units must occupy. Each unit is rated for its strength, which corresponds to a number of dice it can roll in combat. As a unit takes casualties, its strength is reduced.
