Description

The Japanese Fleet Box #1 contains eight miniatures for the Squadron Strike! space combat game, or any other science fiction game. Ships range from the Nagato class CV to the Takeo class CL.

These 1:7,200 scale, non toxic white metal miniatures are fully detailed, and cast by Reaper Miniatures. They use the conventional mounting points for spaceship miniatures, and come unpainted.

The set includes:

- Nagato class Carrier x1
- Yamato class Battleship x1
- Ryujo class Heavy Cruiser x1
- Takeo class Light Cruiser x1
- Fubuki class Cutter x2
- Matsu class Cutter x2
