Description

Clara is a protector, defender of the Church in a remote mission. Alexcia is a witch from the nearby school of magic. The two of them must overcome religious differences in order to protect their world from the necromancer Zarnos.

The Necklace of Terrersylvanous is the first of a ten book series that follows the adventures of Clara and Alexcia as they uncover Zarnos' plot and struggle to stop him.

The story is one of pride, prejudice, understanding and honor. It is suitable for middle and high school age children, or anyone who loves a good fantasy story.

"(John Holland) has proven himself with this first novel, and I'm sure his future work will be most impressive"-Amy Strickland, Staff Reporter for the CQ, Sumter High's Newsmagazine (April 20, 2007)
