Rule Book: 16 pages

Supplements: see below

Board Size: 34" x 22"

Number Counters: 133 2/3 inch, 120 inch and 60 playing cards

Description

Red Russia covers the bitter 3 year war where various political ideas fought to control the remnants of the Russian Empire. It uses the award winning Soldier Kings system.

Players control the forces of a political power in Russia. Counters represent armies, navies and leaders. Units maneuver on a large, point to point map. Cards bring an element of randomness that keeps any player from feeling too snug with his or her position.
