Description

Pathfinder: Rise of the Runelords is a deck building campaign game where you prepare a character with one of seven classes, build a deck of equipment and allies and then play against the system to overcome monsters and traps. When you complete an adventure, you will be rewarded with unique gear and magic, which will be needed in future scenarios of the campaign. Additional add on decks and adventure decks are available separately. The game comes with over 500 cards, 7 character classes, the Burnt Offerings Adventure Deck (beginning of the Rise of the Runelords adventure path) and dice.

Rise of the Runelords is a core game and complete by itself.
