Estimated Game Time: 2 to 4 hours

Rule Book: 16 pages

Supplements: none

Board Size: 36" x 24"

Number Counters: 560

Description

Tiger of Malaya covers the campaign that lost England her empire: the fall of Singapore. Using a variable impulse turn system, players can never be certain how much or how little the opponent can do before their turn is over.

Japanese have fewer forces, but the draw chips favor them. The English must mount a strong enough defense that will last until Australian reinforcements can arrive.
